

# ORHI

SPEED, RELIABILITY, AND CONSISTENCY TO BOOST YOUR PRODUCTIVITY

### ORHI

## SPEED, RELIABILITY, AND CONSISTENCY TO BOOST YOUR PRODUCTIVITY.

ORHI ensures outstanding consistency in the cup, delivering maximum freshness and extraction quality. Its quick setup and easy maintenance make it ideal for both barista trainees and hospitality professionals seeking a highly reliable grinder.

Its isolated grinding chamber, designed with a coupling system that breaks thermal bridges, enables cool grinding even for high coffee consumption.

Its consistency and balanced distribution of microfines in the portafilter ensure even extraction of the entire coffee puck, maximizing yield and flavor.

Additionally, ORHI grinders allow for quick switching between PRE DOSE and ON DEMAND systems through an intuitive display and keypad.

#### **TECHNOLOGY**

Instant dose

Isolated grinding chamber

Automatic Portafilter Identifier (optional)

Extremely durable burrs (optional)

#### **FINISHES**

Color: White and black

Interface: Alphanumeric display and membrane keypad

**Accesories**: With or without tamper

Automatic portafilter detection

**Customization**: Option to customize the hopper

#### **TECHNICAL SPECIFICATIONS**

Height	630 mm - 24,80 inches
Width	180 mm - 7,08 inches
Depth	352 mm - 13,85 inches
Connected load	220-240V 50Hz 220-240V 60 Hz
Power	525 W
Grinding burrs speed	1350 rpm
Net weight	15 kg
Burrs	Ø 64 mm. Planas
Hopper capacity	1,5 kg / 3,3 lb
Production per hour	7 kg/h
Grinder capacity	4 g/s
Single dose	5 - 18 gs
Double dose	5 - 28 g
