Grind point with micrometric
regulation (0.0065 mm/click)

Highly reliable design

Long-life burrs

Coffee dosing

Freshly ground coffee

Instant delivery

Compact dose without waste

Automatic 1- and 2-coffee
porta-filter detection system

Design

Easy access for
maintenance work

Modern and functional appearance

High quality materials

Isolated grinding chamber

The ORHI automatic coffee grinder has the most advanced technology to guarantee its high performance.

The design of the independent grinding chamber, thermally isolated from drive motor allows cold grinding, even for large coffee consumption.

Homogeneous coffee extraction

The balanced distribution of microfiners on portafiltre allows a homogeneous extraction of coffee to get the maximum performance.

Maximum convenience with two work modes

ON DEMAND

Maximum freshness of freshly ground coffee.

On mode On Demand ORHI coffee is ground when the 1 or 2 coffee porta-filter requests it.

PRE-GROUND / INSTANT DOSE

Maximum performance for rush hours.

On mode Pre-Ground ORHI, 1 or 2 coffee doses are available in the grinder doser. When the porta filter requests it, the dose is delivered instantly.

Uniform coffee
delivery

Conventional ONDEMAND
coffee grinders

MARKIBAR®
coffee grinders

Quicker. More compact. Less waste.

Thanks to the built-in dispenser on the ORHI automatic grinder, the filter receives the ground coffee in a compact dose which optimizes preparation time and avoids waste.

Colour

Choose the colour of your Orhi professional coffee grinder:

- **Black & White**, the standard finish, for a modern, elegant look.
- Special monochrome **black** or **white** finishes.

Customization

ORHI allows you to customize your grinder to promote your brand.

The hopper design provides a highly visible advertising space to promote the desired brand.

There is also the possibility of adding advertising on the backlit panel at the front

Barista option

ORHI is available with and without tamper, according to your preferences.

The standard grinder is supplied with a 57 mm and 53 mm diameter tamper. There is also the option of a coffee grinder without a fixed tamper, to be used by external tamper.

Online Management (optional)

Check the performance data of your ORHI remotely.

IZAGA completes its features with the option of an online management system to know the coffee grinder information anywhere, anytime via your computer, tablet or smartphone.
